Eurex Exchange Readiness Newsflash | Mandatory Changes in T7 Release 7.0 Simulation

Dear Eurex participant,

Please be advised about the mandatory changes of the Market Data Interfaces in the T7 Release 7.0 simulation environment. These changes will be active starting Thursday, 1 November. To support trading participants with the implementation of these mandatory changes in due time, Eurex already published the production version of the Market Data Specifications (initially planned to be published 9 November) on the Eurex website under: www.eurexchange.com > Technology > System documentation > Release 7.0 > [Market and Reference Data Interfaces](#):

- T7 Market and Reference Data Interfaces – Manual v.7.0.2
- T7 Market + Reference Data Interfaces – XML FAST Templates – FIXML schema files v.7.0.2
- T7 Enhanced Order Book Interface – Manual v.7.0.2
- T7 Enhanced Order Book Interface – XML Representation v.7.0.2

Please also have a look at the accompanying [Implementation News](#). If you have any further questions or require support please do not hesitate to contact your Technical Key Account Manager via your VIP number or send an email to: cts@deutsche-boerse.com

Kind regards
Your Customer Readiness Team
