

## Member Section 2.0: Portal User Administration – how to set up a deputy for the Central Coordinator

The screenshot displays the 'Portal User Administration' interface. On the left, a navigation menu includes 'Central Coordinator', 'Technical Connection', 'Trading&Clearing Administration', 'Company Administration', 'Invoices', and 'Resources'. The main content area is titled 'Portal User Administration' and lists several users, with 'basic, Testuser\_001375' highlighted. To the right, the 'User Account Details' for 'Testuser\_001375 basic' are shown, including the user name, email (1375.basic@1064859.com), role (Standard User), and last login. Below the details, there are three icons: 'Contact', 'Permissions', and 'Deputy'. The 'Deputy' icon is highlighted, and a toggle switch labeled 'Assign as your deputy' is set to 'YES'. Below this, it states 'This user is deputy for following Central Coordinators within your company' and lists 'User, Test' with email 'test.user@parkbank.com'. It also indicates 'This user has following deputies within your company' and shows 'User does not have deputies'. At the bottom, there are 'Lock', 'Delete', and 'Reset Password' buttons. The footer contains 'Imprint', 'Data Privacy', 'Technical Requirements', and 'Terms of Use'.

Contact Permissions Deputy

By using the switch below, you can assign the selected user as your deputy. The deputy is able to approve registrations and maintain permission requests of your responsible area. Please find within the help area the list of services (permissions) for which you are responsible for. The set up of the deputy enables only the access to "Portal User Administration" and "Manage Self-Registration". If additional permission are required for the deputy, please amend within the users' "Permission" accordingly.

Assign as your deputy YES

This user is deputy for following Central Coordinators within your company

User, Test  
test.user@parkbank.com

This user has following deputies within your company

User does not have deputies
