I. Section General Provisions

§ 1 Organization of the Regulated Unofficial Market (Open Market) on the Frankfurt Stock Exchange

- (1) For securities not being admitted for or included in the Regulated Market, the Frankfurt Stock Exchange (hereinafter referred to as "FWB") has admitted a Regulated Unofficial Market ("Open Market"). These Terms and Conditions regulate the organization of trading in the Open Market, the participation in trading in the Open Market and the inclusion of securities in trading in the Open Market. The procedure of trading including the transaction settlement in the Open Market is regulated by the Trading Regulation for the Regulated Unofficial Market on FWB.
- (2) The Administering Institution of the Open Market on FWB is Deutsche Börse AG ("DBAG"). DBAG organizes the Open Market upon approval of the Management Board of FWB.
- (3) The administration of the DBAG pursuant to Paragraph 2 shall not comprise the trading with Structured Products in the Open Market on the FWB. Structured Products within the meaning of these General Terms and Conditions (hereinafter "AGB") are the securities defined in the Annex to § 3 Paragraph 1 Exchange Rules.

§ 2 Scope of Application; Participants

- (1) These AGB shall apply to the business relation between DBAG in its function as Administering Institution of the Open Market on FWB pursuant to § 1 Paragraph 2 and 3 and the Participants of the Open Market. Other business relations of the Participants of the Open Market with DBAG remain unaffected thereof. Participation in the Open Market shall take place through trading of securities included in the Open Market (Paragraph 2) and/or through application of admission of securities in the Open Market trade (Paragraph 3).
- (2) All companies and exchange traders which are admitted to trading on FWB and have been granted access to the Exchange EDP shall be admitted to trading of securities admitted in the Open Market. The access to the Exchange EDP as well as the utilization of technical systems in the Open Market shall take place in accordance with the provisions applying to the regulated market and the decisions made by the Management Board of FWB based on such provisions.
- (3) The admission of securities in the Open Market trade may, subject to § 9 Paragraph 5, be applied for by all companies which are admitted to trading in the Open Market pursuant to Paragraph 2.

- (4) Irrespective of whether the prerequisites pursuant to Paragraph 2 or 3 are fulfilled, DBAG may refuse the establishment of business relations with a Participant if reasonable cause in such Participant exist which may damage the reputation of DBAG or FWB.

§ 3 Termination upon Legitimate Reason

- (1) Irrespective of § 2 Paragraph 2 and 3, DBAG may terminate all or individual business relations to a Trading Participant pursuant to these General Terms and Conditions upon legitimate reason. Legitimate reason exists if – even under consideration of the legitimate interests of the Participant – a continuance of trade is unacceptable. Legitimate reason exists in particular
- if, after effectless reminder, the Participant continues to violate against essential contractual obligations of these General Terms and Conditions
- or
- if circumstances in the person of the Participant retroactively occur which fulfill the prerequisites of § 2 Paragraph 4.
- (2) The right of the Participant for termination upon legitimate reason as well as the termination rights of DBAG and of the participant according to §§ 15 and 18 remain unaffected.

§ 4 Amendments to the General Terms and Conditions

- (1) Amendments to these General Terms and Conditions shall be announced to the Participants in writing or electronically prior to their effectiveness. They shall be deemed approved when the Participant does not object thereto with DBAG in writing or electronically within three weeks after announcement of the amendments. DBAG shall expressly point out this legal consequence to the Participant.
- (2) In case of an objection pursuant to Paragraph 1, DBAG may terminate its business relation to the Participant with a six months' notice. § 3 shall remain unaffected.

§ 5 Administration, Publication of Announcements

In the absence of any provision to the contrary hereinafter, information which have to be published by DBAG according to these General Terms and Conditions, shall be published their website at <http://www.deutsche-boerse.com> for at least three Exchange days. DBAG may determine other electronic media for publishing the General Terms and Conditions. § 4 shall remain unaffected.

§ 6 General Cooperation Obligations of the Participant

Regardless of any particular service obligations according to these General Terms and Conditions, the Participant is obligated to contribute to an orderly operation of the business relation. This contains in particular

- immediate transfer of all information having come to his/her knowledge to DBAG, such information being necessary for an orderly course of the business relation according to these GTC and/or for the orderly trading and/or the orderly transaction settlement of the securities included in the Regulated Unofficial Market,
- the punctuality, clarity and consistency of applications and notifications,
- a special note to any urgent matters or matters with a period of time,
- the review of notifications of DBAG regarding correctness and completeness within the scope of these General Terms and Conditions and immediate raising of objections,
- the notification of DBAG in case of delay or absence of expected or announced information of DBAG.

§ 8 Paragraph 2 shall remain unaffected.

§ 7 Secrecy

DBAG is sworn to secrecy regarding all Participant-related facts it has gained knowledge about. Legal duties of disclosure of DBAG remain unaffected.

§ 8 Liability of DBAG; Contributory Negligence

- (1) DBAG is liable regarding fulfillment of its obligations pursuant to these General Terms and Conditions for gross negligence of its employees and the persons it calls for fulfillment of its obligations. In case of simple negligence, the liability of DBAG is limited to the violation of cardinal obligations and obligations being so relevant that their non-fulfilment would jeopardize the fulfillment of the contractual obligation. In case of simple negligence, DBAG is liable only for compensation of the typical foreseeable damage. The statutory liability of DBAG in case of violation of life, body and health as well as in other cases of statutory liability, e.g. according to the Product Liability Act, shall remain unaffected.
- (2) If, by culpable behaviour, in particular by violation of obligations according to these General Terms and Conditions, the Participant has contributed to the occurrence of the damage, the principles of contributory negligence determine to what extent DBAG and the Participant have to bear the damage.

- (3) DBAG is not liable for damages caused by force majeure, tumult, warlike events and phenomena or by other events not being caused by it (e.g. strike, lockout, traffic block, decrees by public authorities).

II. Section General Provisions for the Inclusion of Securities (Open Market)

§ 9 Inclusion of securities in the Open Market

- (1) Securities which are neither admitted nor included in the Regulated Market of FWB may be included in the Open Market.
- (2) On application of a Participant (§ 2 Paragraph 3), DBAG shall decide upon the inclusion. A claim of the Participant of the inclusion of particular securities does not even exist if the inclusion prerequisites (Paragraph 1, §§ 11 to 13) are fulfilled. Shares and Certificats Representing Shares may be included in the Open Market by DBAG without any application of a Participant; the inclusion prerequisites according to § 12 or § 13 apply accordingly.
- (3) Securities included in the Open Market are traded in the electronic trading system. DBAG defines the trading currency and the settlement currency; it may determine that a security shall be traded or settled in several currencies.
- (4) On application a Participant may take over the rights and duties according to these General Terms and Conditions for Shares and Certificats Representing Shares included in the Open Market without any application of a Participant ("Take Over"). Upon such Take Over, the Participant taking over such rights and duties shall be equivalent to a Participant who has placed an application for inclusion of securities into the Open Market; in particular, § 25 Paragraph 1 and 2 shall apply. The application has to fulfill all requirements of an Inclusion Application (§ 10) and the inclusion conditions have to be existend. A claim of the Participant of the Take Over does not even exist if the prerequisites are fulfilled.
- (5) The inclusion of shares in open domestic and foreign investment assets which are formed by way of investment fonds or investment stock corporations (fund shares) may exclusively be applied for according to § 20 by specialists who are commissioned with assumption of the specialists' duties for fund shares. In trading of fund shares, the price determination shall exclusively take place in the specialist model of Continuous Auction.
- (6) In deviation to § 38 Paragraph 2 Exchange Act, securities issued for public subscription may be included in the Open Market before termination of assignment to the subscribers already.
- (7) The application of inclusion of securities may be refused also if the inclusion prerequisites (Paragraph 1, §§ 11 to 13) are fulfilled, in particular if, in DBAG's

view, the prerequisites for an orderly trade or for orderly business transaction are not fulfilled or if the inclusion results in an overreaching of the public or a severe damage of general interests.

- (8) Inclusions shall be published pursuant to § 5.

§ 10 Inclusion Application

- (1) Participant Inclusion has to be applied for in writing. The Applicant has to indicate company and office of the Participant as well as issuer and category of the securities to be included. DBAG is authorized to require additional information in the application.
- (2) The application shall contain all supporting documents required for verification of the inclusion prerequisites (§§ 9 Paragraph 1 and 5, 11 to 13). Other supporting documents shall be submitted to DBAG upon request.
- (3) In deviation to Paragraph 1 Clause 1, DBAG may determine that the application for inclusion shall be made in writing. Irrespective of the form of application, DBAG may decide that certain information shall be submitted electronically and in a specific file format.
- (4) Unless inclusion prerequisites are proven within a term of 12 months after submission of the application for inclusion, the application shall be deemed to have been withdrawn.

The prospectus shall not be older than 12 months and shall be written in either English or German language or contain a summary in either English or German.

If the prerequisites named in item e) are not fulfilled, the Participant shall create an overview containing details about the security and the issuer (issuer data form). The prerequisites to the contents of the issuer data form shall be defined by DBAG. Subject to legal disclosure and publishing obligations, DBAG is not authorized to either publish or transfer this issuer data form to third persons. Non-equities of issuers, whose securities are admitted to the Regulated Market on FWB or included in the Regulated Market on FWB or in the Open Market, as well as non-equities regarding which a publication of a prospectus in case of admission to the regulated market can be avoided according to § 1 Paragraph 2 Number 2 to 5 or § 31 Paragraph 2 of the Securities Prospectus Act, may also be included without submission of an issuer data form.

- (2) Debt securities which have legally not come into existence yet at the time of inclusion may, irrespective of fulfillment of the prerequisites pursuant to Paragraph 1 Clause 1 item b) and c), be included. The inclusion shall automatically end without a termination being required, if
 - a) upon expiration of ten days after the value date indicated at the time of conclusion – the debt security has not been accomplished or, at this point in time, the free tradability or an orderly fulfillment of the transactions is not guaranteed, or
 - b) it is already determined beforehand that the bond will not come into existence.

In case of an automatic termination of the inclusion, the Management Board of FWB shall publish the suspension of trading, available on the Internet pages of FWB under <http://www.deutsche-boerse.com>.

Certificates representing shares may be included according to Clause 1 also if the represented shares are admitted to a domestic or foreign exchange-like market. DBAG shall define the recognized markets according to Clause 1 and 2 and shall publish them on their website under <http://www.deutsche-boerse.com>.
- (2) DBAG is authorized to define additional inclusion conditions in individual cases.

§ 13 Inclusion Prerequisites for Shares and Certificates Representing Shares not yet admitted to Trading (First Quotation)

- (1) Shares and certificates representing shares which are not yet admitted to trading according to § 12 Paragraph 1 on a domestic or foreign exchange-like market recognized by DBAG (first quotation), may be included if

The applying participant shall provide evidence for its fulfilment of the prerequisites according to items aa) to dd) in the issuer data form which it is obliged to submit according to item d).
